Maharajah's College of Pharmacy – Research Incentive Scheme

Fostering Innovation | Empowering Scholars | Advancing Pharmacy Research

At Maharajah's College of Pharmacy, we are committed to nurturing a vibrant research culture that inspires creativity, scientific inquiry, and academic excellence. Our **Research Incentive Scheme** is designed to promote original thinking, support scholarly publication, and empower both students and faculty in the pursuit of meaningful pharmaceutical research.

Through targeted initiatives such as **Student Research Mini-Grants** and **Publication Support Incentives**, we aim to foster innovation at the grassroots level, encourage research-driven learning, and contribute to the advancement of pharmaceutical sciences. These initiatives reflect our dedication to cultivating the next generation of pharmacy researchers and thought leaders.

Join us in shaping a future where research drives discovery, learning, and societal impact.
